

## Habitat Happenings Mid-Year 2008 Update

I thought I would provide you with a mid-year update of our activities.

The **AuSable Valley Habitat for Humanity** dedicated our 8<sup>th</sup> home in mid April. The home was constructed in the AuSable Acres section of the Town of Jay. This home, within the Adirondack Park, is the first to be placed into the **Adirondack Community Housing Trust**. It is our intent to use this model we developed, in conjunction with the Trust, for future AuSable Valley Habitat homes. With this shared equity formula, the home will remain perpetually affordable to low income families.

### Parks Home Dedication

Matt and Jenn Parks and three children, Felecia, Jonathan, and Isaiah, moved into their new home just prior to Christmas. Matt is employed as an auto mechanic by AK Auto in Jay.
